

# GCSP — 2016 SCHOLARS

The 2016 cohort of Graduate Civic Scholars has been hard at work over the past two weeks learning how public engagement can enhance their teaching, research, and creative work. The GCSP emphasizes the importance of collaboration between university and community partners and cohort-based professional development. Scholars' proposed projects range from providing long-term storage resources for the homeless to developing a walking/driving tour of racial segregation in Columbia. Congratulations to this year's Graduate Civic Scholars!
